General Information on Proxy Voting

It is the intention of the Chairman to vote eligible undirected proxies in favour of all Resolutions, to the extent permitted by law.

If a Shareholder appoints the Chairman as their proxy, expressly or by default, and they do not direct the Chairman how to vote on a Resolution, by completing and returning the Proxy Form they will be expressly authorising the Chairman to exercise the proxy and vote as the Chairman sees fit on a Resolution, even if the Resolution is connected directly or indirectly with the remuneration of a KMP Member.

In respect of Resolutions 8, 9, 10, 11, 12 and 13, the Proxy Form contains an express authorisation for the Chairman to exercise undirected proxies even though these Resolutions are connected directly or indirectly with the remuneration of a KMP Member.

Those Shareholders appointing a proxy who do not want the Chairman to cast their vote in favour of a Resolution should:

- (a) appoint the Chairman as proxy with a direction to cast votes in the manner directed; or
- (b) appoint a person other than the Chairman as proxy with or without a direction to cast votes 'for', 'against' or to 'abstain' from voting on these Resolutions (as the Shareholder considers appropriate).

Explanatory Statement

General information

This Explanatory Statement is an important document and should be read carefully. It comprises part of, and should be read in conjunction with, the Notice of Annual General Meeting (**Notice**).

If you have any questions regarding the matters referred to in this Explanatory Statement (or elsewhere in the Notice), please contact the Company, or your stockbroker or other professional adviser.

Consideration of the Company's annual financial and other reports

The Corporations Act requires that the 2021 Annual Report (which includes the financial statements and Directors' declaration), the Directors' Report and Independent Auditor's Report be laid before the AGM.

There is no requirement either in the Corporations Act or the Constitution for Shareholders to approve the 2021 Annual Report, the Directors' Report or the Independent Auditor's Report.

However, Shareholders will be given a reasonable opportunity at the Meeting to ask questions and make comments on these reports.

Resolution 1 – Adoption of Remuneration Report

Board recommendation: The Board recommends that Shareholders vote in **FAVOUR** of Resolution 1.

Undirected proxies: The Chairman intends to vote undirected proxies in **FAVOUR** of Resolution 1.

There will be an opportunity for Shareholders at the Meeting to comment on and ask questions about the Remuneration Report, which appears in the Company's 2021 Annual Report.

The vote on the proposed Resolution adopting the Remuneration Report is advisory only and will not bind the Company or its Directors. However, the Board will take the outcome of the vote into consideration when reviewing the Company's remuneration policy and practices.

The Corporations Act contains a 'two strikes' rule in relation to remuneration reports. Briefly, if at two consecutive AGMs, 25% or more votes were cast against the resolution that the Company's remuneration report be adopted, a 'spill resolution' must be put to the vote at that AGM. If 50% or more of eligible votes cast are in favour of the spill resolution, the Company must convene a general meeting (a 'spill meeting') within 90 days of the AGM. All of the Directors who were in office when the Directors' Report was approved, other than the

Managing Director and Mr. Greg Hayes who has subsequently stepped down from the Board, will need to stand for re-election at the spill meeting.

At the Company's 2020 annual general meeting less than 25% of votes were cast against the resolution that the Remuneration Report be adopted. Accordingly, there is no requirement to allow for a possible spill resolution at this year's AGM.

Resolution 2 — Re-election of Mr. Carl Scarcella

Board recommendation: The Board recommends that Shareholders vote in **FAVOUR** of Resolution 2.

Undirected proxies: The Chairman intends to vote undirected proxies in **FAVOUR** of Resolution 2.

In accordance with rule 7.1(g) of the Constitution, Mr. Scarcella retires at this year's AGM and, being eligible, stands for re-election.

Mr. Scarcella has been a Non-executive Director since 2014 and is chair of the Audit and Risk Committee, a member of the Nomination and Remuneration Committee and chair of the Wealth Risk & Compliance sub-committee. Mr. Scarcella joined the financial services industry in 1987. In 2000, Mr. Scarcella was one of the foundation managers of Snowball Group Limited (**Snowball**), a listed independent advice business which provided financial services including financial planning, accounting and tax, portfolio management, and portfolio administration. Mr. Scarcella was chief operating officer and company secretary of Snowball from inception through to its merger with the Shadforth Group in 2011 to become SFG Australia Limited (**SFG**). Following his departure from SFG in 2012, Mr. Scarcella co-founded T&C Consulting Services, a firm which provided advice on growth strategies, governance frameworks, infrastructure solutions and M&A support.

Resolution 3 — Election of Mr. Anthony McDonald

Board recommendation: The Board recommends that Shareholders vote in **FAVOUR** of Resolution 3.

Undirected proxies: The Chairman intends to vote undirected proxies in **FAVOUR** of Resolution 3.

In accordance with rule 7.1(e) of the Constitution, Mr. McDonald retires at this year's AGM and, being eligible, stands for re-election. Mr. McDonald was appointed as a Non-executive Director on 1 February 2021 and is a chair of the Nomination and Remuneration Committee.

Mr. McDonald co-founded financial planning firm Snowball in 2000. Mr. McDonald is also a former director of The Investment Funds Association of Australia (now Financial Services Council) and currently a Non-executive Director of HUB24 and chairman of a leading not-for-

profit organisation. As a financial services executive, Mr. McDonald has worked in a variety of senior roles with Snowball, SFG, Jardine Fleming Holdings Limited (Hong Kong), and Pacific Mutual Australia Limited. Prior to entering the financial services industry, Mr. McDonald worked as a solicitor with the two global law firms, Baker & McKenzie and Coudert Brothers.

Resolutions 4 and 5 – Ratification of 3,333,333 Shares and 1,700,000 Options pursuant to ASX Listing Rule 7.4

Board recommendation: The Board recommends that Shareholders vote in **FAVOUR** of Resolutions 4 and 5.

Undirected proxies: The Chairman intends to vote all available undirected proxies in **FAVOUR** of Resolutions 4 and 5.

ASX Listing Rule 7.1 imposes a cap on the number of securities that a company may issue within a 12 month period. ASX Listing Rule 7.4 provides that an issue of equity securities made without shareholder approval under ASX Listing Rule 7.1 is treated as having been made with Shareholder approval for the purposes of Listing Rule 7.1 if the Shareholders subsequently approve it, and the issue did not breach ASX Listing Rule 7.1.

The issues of the Shares and Options described below did not breach any ASX Listing Rules and Shareholder ratification to those issues is now sought.

In order to restore the Company's capacity to issue securities, it is proposed that Shareholders ratify the issue of Shares and Options as detailed below. Ratification provides the Company with flexibility in capital management and allows the Company to make further issues for working capital or other purposes as required.

On 28 October 2020 and further on 21 December 2020, the Company announced to the market a proposed transaction with HUB24, the key terms of which included:

- the Company to acquire all the issued share capital in Paragem Pty Limited (**Paragem**), a licensee entity, from HUB24 in exchange for the issue of 3,333,333 Shares, at \$1.20 each, by the Company to HUB24;
- a 'Technology Partnership and Distribution Agreement' to be entered into between the Company and HUB24, with the intention of the Company becoming a leading provider of re-imagined support services and solutions for financial advisers, licensees and accountants by benefiting from technology built by HUB24; and
- the issue by the Company to HUB24 of 1,700,000 Options as consideration for entry into the Technology Partnership and Distribution Agreement.

On 4 January 2021, the Company issued 3,333,333 Shares to HUB24. The issue of these Shares was made using the Company's existing placement capacity under ASX Listing Rule 7.1 and the Shares ranked equally with existing Shares.

On 1 February 2021, the Company entered into the Technology Partnership and Distribution Agreement and issued 1,700,000 Options to HUB24, exercisable at \$1.20 each, on or before 1 February 2024, on the terms and conditions set out at Annexure A hereto.

The issue of Shares and Options was made utilising the Company's capacity under ASX Listing Rule 7.1.

Information required by ASX Listing Rule 7.5: The following information is provided to Shareholders for the purposes of ASX Listing Rule 7.5.

Undirected proxies: The Chairman intends to vote undirected proxies in **FAVOUR** of Resolution 6.

The maximum aggregate remuneration that the Company may pay Non-executive Directors in any financial year is currently fixed at \$300,000. This amount does not include other payments that may be payable to non-executive Directors as specified in the Constitution (reimbursement for expenses incurred while engaged in the business of the Company or for the provision of services outside the Director's duties). The current aggregate limit has not been increased since 1 July 2015.

Shareholder approval is sought to increase the maximum aggregate amount payable to Non-executive Directors in any financial year by \$200,000, from \$300,000 to \$500,000. The increase is being sought in order to:

- ensure that the Company can attract, retain and appropriately remunerate suitably skilled, experienced, diverse and committed individuals to serve on the Board and its committees;
- allow for some future increases in fees to maintain market competitiveness and to reflect increasing responsibilities and demands on Non-executive Directors; and
- provide future flexibility to increase the size of the Board, if and when appropriate.

Increasing the maximum amount of Non-executive Directors' remuneration does not mean that the whole of the new maximum aggregate will be used immediately.

The Board is aware of the general market concerns regarding the level of Non-executive Directors' fees and the Board believes that the Company has been consistently conservative

in relation to the level of fees paid to its Directors. The remuneration provided to each Non-executive Director for the year ended 30 June 2021 is provided in the Remuneration Report included in the 2021 Annual Report, available on the Company's website at www.eastoninvestments.com.au.

As required by ASX Listing Rule 10.17, the Company confirms that no Shares, Options or other securities have been issued to Non-executive Directors in the last three years.

Resolution 7 — Change of Company name to Diverger Limited

Board recommendation: The Board recommends that Shareholders vote in **FAVOUR** of Resolution 7.

Undirected proxies: The Chairman intends to vote all available undirected proxies in **FAVOUR** of Resolution 7.

Resolution 7 is a special resolution which seeks approval of the Shareholders for the Company to change its name from '**Easton Investments Limited**' to '**Diverger Limited**'. The change will not, in itself, affect the legal status of the Company or any of its assets or liabilities.

This Resolution 7 seeks Shareholder approval by special resolution in accordance with Section 157 of the Corporations Act.

The Company was founded in 2005 originally as an investment manager focused on distribution of financial products in Australia and Asia. The Company's current name reflects that focus, with the inclusion of the word 'Investments', but equally 'Easton' denoting a focus on the Asian market.

Since that time, the Company's core businesses have changed materially. The Company today is a collective of well-established and highly regarded brands that, together, deliver quality services to clients with the aim of creating positive change in the accounting and wealth sectors. It currently derives more than 80% of its net revenue from services unrelated to investment solutions. This has been the case for some years and the Board does not expect this trend to reverse, although investment solutions remain an important and growing part of the Company's business. The Board has also received shareholder feedback requesting that this inconsistency be addressed through a name change.

As part of the Board and management's drive to articulate a clear and consistent strategy for the Company's future, an assessment of the brand and its interaction with its sub-brands has been undertaken. The Company's reset vision is to become the leading provider of services to accountants and financial advisers. A new name will better reflect the new vision and assist in differentiating the Company in a competitive market.

'Diverger' reflects this aspiration – someone who sees the bigger picture, thinks differently and can construct information from its elements into a meaningful whole. The Board and management believe 'Diverger' represents the sum of the Company's new drive, focus and

thinking. The industries served by the Company's businesses are undergoing enormous regulatory, societal and technological change. Clients are asking our senior management team to think differently and to help them navigate that change. Changing the Company's name to 'Diverger' will emphasise our point of difference in the market and our willingness to think and act differently on behalf of our clients, including across our sub-brands, which epitomises a strong focus on thinking differently to the benefit of clients and shareholders.

Following the name change, key operating businesses will continue to operate under their current trading names familiar to the existing client base. The new name will be accompanied by a refreshed visual brand identity (including the sub-brands) which will create a contemporary and consistent look and feel, with the flexibility to meet the future growth of the Company.

The Company will make an application to ASIC for the change of name to 'Diverger Limited'. The new name will take effect on the issue of a certificate of registration of change of name by ASIC. In anticipation of the proposed change of name, the Company has reserved ASX code: 'DVR'.

This Resolution is a **special resolution**. For a special resolution to be passed, at least 75% of the votes cast by Shareholders present and eligible to vote (in person or by proxy) at the Meeting must be in favour of the Resolution.

Resolution 8 – Approval of the Plan

Board recommendation. The Board (excluding Mr. Nathan Jacobsen, Mr. Carl Scarcella, Mr. Anthony McDonald and Mr. Grahame Evans, who abstain from making a recommendation due to their personal interest in this Resolution) recommends that Shareholders vote in **FAVOUR** of Resolution 8.

Undirected proxies: The Chairman intends to vote all available undirected proxies in **FAVOUR** of Resolution 8.

ASX Listing Rule 7.2 Exception 13(b) excludes from the restrictions in ASX Listing Rules 7.1 and 7.1A an issue of securities under an employee incentive scheme if within three years before the issue date the Shareholders have approved the issue of securities under the scheme as an exception to ASX Listing Rule 7.2.

Accordingly, Resolution 8 seeks Shareholder approval for the purposes of ASX Listing Rule 7.2 Exception 13(b).

Pursuant to the Plan, the Company can issue certain Plan Securities to eligible employees, contractors and Directors (both executive and non-executive) to provide them with incentive to deliver growth and value to Shareholders, and provide the Company with the ability to attract and retain such people.

If Resolution 8 is passed, Plan Securities issued under the Plan in the three years following this AGM, and the issue of the underlying Shares on the exercise or vesting of Plan, will not count towards the percentage limits described above.

If Resolution 8 is not passed, the Company may still issue Plan Securities but will need to use its capacity under ASX Listing Rule 7.1 in order to issue Plan Securities and underlying Shares on the exercise or vesting of such Plan Securities.

No Plan Securities have been issued under the Plan (since the Company's listing or otherwise) as it is a new incentive plan. The maximum number of Plan Securities (excluding Incentive Rights because they do not result in the right to acquire Shares on vesting or exercise) proposed to be issued under the Plan if it is approved is 1,880,500, subject to further potential increases upon future approvals.

A summary of the key terms of the Plan is set out in Annexure B to this Explanatory Statement. A complete copy of the Plan is available by contacting the Company's Share Registry and requesting a copy of the Plan (free of charge).

Resolutions 9, 10, 11 and 12 – Approval of issue of Performance Rights to Mr. Nathan Jacobsen, Mr. Carl Scarcella, Mr. Anthony McDonald and Mr. Grahame Evans

Board recommendation. The Board (excluding Mr. Nathan Jacobsen, Mr. Carl Scarcella, Mr. Anthony McDonald and Mr. Grahame Evans, who abstain from making a recommendation in respect of Resolution 9, 10, 11 or 12, respectively, due to their personal interest in Resolution) recommends that Shareholders vote in **FAVOUR** of Resolutions 9, 10, 11 and 12.

Undirected proxies: The Chairman intends to vote all available undirected proxies in **FAVOUR** of Resolutions 9, 10, 11 and 12.

ASX Listing Rule 10.14 provides that a company may not issue securities to a director under an employee incentive scheme without the approval of its Shareholders by way of an ordinary resolution. Accordingly, Shareholder approval is sought for the grant of the following Plan Securities:

- 360,066 Performance Rights to Mr. Nathan Jacobsen, the Managing Director;
- 100,000 Performance Rights to Mr. Carl Scarcella, a Non-executive Director;
- 100,000 Performance Rights to Mr. Anthony McDonald, a Non-executive Director; and
- 100,000 Performance Rights to Mr. Grahame Evans, an Executive Director

(collectively, the **Issues** and each an **Issue**).

The Issues fall within ASX Listing Rules 10.14.1 and therefore Resolutions 9, 10, 11 and 12 require the approval of the Shareholders under ASX Listing Rules 10.14. If Resolutions 9, 10, 11 and 12 are passed, the Company will be able to proceed with the Issues, but if any of

Resolutions 9, 10, 11 and 12 are not passed, the Company will not be able to proceed with the Issue to which the Resolution relates (e.g. if Resolution 9 is not passed, the Company will not be able to proceed with the Issue in respect of 360,066 Performance Rights to Mr. Nathan Jacobsen).

As set out below, the Issues to which Resolutions 9 and 12 relate are to be made to each of Mr. Nathan Jacobsen (the Managing Director) and Mr. Grahame Evans (an Executive Director) in accordance with their remuneration packages. The long-term incentive (**LTI**) remuneration to which Mr. Jacobsen is entitled is the subject of Resolution 9 and the LTI remuneration to which Mr. Evans is entitled is the subject of Resolution 12.

The Issues to which Resolutions 10 and 11 relate are to be made to each of Mr. Carl Scarcella and Mr. Anthony McDonald (both Non-executive Directors) in lieu of an increase in their Non-executive Directors' fees in FY22. Mr. Scarcella and Mr. McDonald are, in any event, entitled to LTI remuneration but as it is likely that Non-executive Directors will be required to make an abnormal work and time commitment over the next two to three years (given the Company's renewed strategy to explore a changes in scale and capability), the Board is, therefore, recommending that Shareholders approve the Issues under Resolutions 10 and 11 as special, one-off grants of the Performance Rights in lieu of an increase in their Non-executive Directors' fees in FY22.

The Issues under Resolutions 10 and 11 seek to reward Non-executive Directors on an 'at risk' basis, without increasing the Company's present cash payments but, at the same time, achieving a strong alignment with the Company's strategic aspirations and intent to grow and deliver enhanced Shareholder value.

The Company operates with a relatively small Board presently, comprised of three Non-executive Directors and two Executive Directors, with total Directors' fees for FY22 estimated to be approximately \$205,000, ignoring the accounting cost of the Issues. In comparison with comparable Australian-listed companies, the Company benefits from relatively low Directors' fees. As it is critical that the Company is able to attract and retain high quality and experienced Directors, including by way of competitive remuneration, the Issues provide the Company with the flexibility to ensure that a top calibre Board of appropriate size serves the Company and its Shareholders.

In accordance with the requirements of ASX Listing Rule 10.15, the below information is provided in respect of the proposed Issues which are the subjects of Resolutions 9, 10, 11 and 12.

Performance Rights are being issued under the Issues in order to align the LTI remuneration of each of Mr. Jacobsen, Mr. Scarcella, Mr. McDonald and Mr. Evans to the performance of the Company. Linking their LTI remuneration directly to the performance of the Company serves to ensure that Shareholder interests are protected.

The Company values the Performance Rights at \$0.49 per Performance Right because each Performance Right is a right to acquire one Share (or to be paid a cash payment in lieu of one Share), subject to the satisfaction of any vesting conditions. The ultimate value of the Performance Right may vary and is contingent on the satisfaction of any vesting conditions. The value of the Performance Rights are expensed over the 3 year vesting period in accordance with Accounting Standard AASB2 – Share-based Payment.

Provided Shareholder approval is obtained, the Issues will occur within 30 days of Shareholder approval.

Nil consideration will be payable for the Issues, on issue and vesting.

The details of any securities issued under the Plan will be published in the annual report of the Company relating to a period in which Plan Securities have been issued, along with a statement that approval for the issue of securities was obtained under ASX Listing Rule 10.14.

Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of Plan Securities under the Plan after Resolutions 9, 10, 11 and 12 are approved and who were not named in the Notice will not participate until approval is obtained under ASX Listing Rule 10.14.

Vesting conditions on Issues

Mr. Nathan Jacobsen

Each Performance Right to be granted to Mr. Jacobsen is a right for Mr. Jacobsen to be issued one Share upon satisfaction of the below vesting conditions. The first performance condition and the second performance condition (referred to as **PC1** and **PC2**, respectively) will be applied separately to the Performance Rights over the Testing Period as follows:

- 40% of the Performance Rights will vest on a straight-line proportional basis, from 0 up to a maximum of 144,026 Performance Rights, based on the growth of Adjusted Net Revenue (defined below) over the Testing Period (**PC1 Performance Rights**); and
- 60% the Performance Rights will vest on a straight-line proportional basis, from 0 up to a maximum of 216,040 Performance Rights, based on the growth of Absolute Total Shareholder Return over the Testing Period (or a four year period ending on 30 June 2025 as described below) (**PC2 Performance Rights**).

PC1 – Adjusted Net Revenue growth

For the purposes of PC1:

- **Adjusted Net Revenue** is defined as the sum of Net Revenue plus the Company's share of equity-accounted Earnings Before Interest, Tax and Amortisation (**EBITA**). Part year

contributions from acquisitions completed in the third year of the Testing Period are annualised at 30 June 2024; and

- **Net Revenue** is defined as the operating revenue from the Company's operations less adviser revenue share and cost recoveries (ASIC levy and adviser systems) as set out in the FY21 Annual Report.

The Company competes in an environment where scale with appropriate margins is a key driver of business growth and profitability. Accordingly, the Board considers that at this stage of its development, a performance condition measuring the growth in Adjusted Net Revenue, as described above, over the next three years is an effective way to incentivise Mr. Jacobsen to profitably build the Company's revenue base and with it, shareholder value.

As part of the Company's growth strategy, the Company intends to take partial equity interests in certain adviser practices subject to specific investment criteria. The acquisition of those practices is recognised in the financial statements as equity accounted investments. For the purposes of the PC1 Performance Rights, Net Revenue will be adjusted to include the Company's share of EBITA from such equity-accounted investments, resulting in the Adjusted Net Revenue criteria.

For the Testing Period, the Board has calibrated the vesting of the PC1 Performance Rights to the growth in Adjusted Net Revenue as follows:

- zero vesting will occur if the growth in Adjusted Net Revenue is below a minimum level of 100% over three years (representing an increase of approximately \$27.7 million by 30 June 2024);
- 100% vesting will occur if the growth in Adjusted Net Revenue reaches 150% over three years (representing an increase of approximately \$41.6 million by 30 June 2024); and
- vesting between 100% and 150% growth in Adjusted Net Revenue will be on a straight-line basis between these two levels.

In order to ensure that Adjusted Net Revenue is calibrated in alignment with Shareholder interests, the above vesting of Performance Rights is subject at all times to an 'earnings per share' hurdle, which requires that the Company achieves, at least, 10% per annum compounded growth in earnings per share during the Testing Period.

PC2 – Absolute Total Shareholder Return (ATSR)

The Board, with advice from a specialist remuneration adviser, believes that an absolute rather than a relative 'Total Shareholder Return' is the most appropriate way to measure the success in implementing the Company's long term strategic objectives.

The decision to use ATSR is based on the Company's intent to pursue high growth through the execution of a transformational strategy. There are also currently insufficient comparable listed companies to provide a meaningful performance measure relative to peers.

The ATSR hurdles are challenging and are intended to align vesting with superior Shareholder returns. The ATSR hurdles are based on a compound annual growth rate (**CAGR**) in the range of 15.0% to 25% over three years from a baseline share price at 30 June 2021 of \$1.03. This CAGR range is significantly above the 30 June 2021, 20 year returns on Australian equities of 8.4% per annum reported in the 2021 Vanguard Index Chart Report. This will ensure that vesting of Performance Rights is directly linked to superior returns achieved for Shareholders.

ATSR measures the total return to Shareholders by calculating the increase (or decrease) between a 20-trading day VWAP for Shares measured immediately prior to (i) 1 July 2021 and (ii) 30 June 2024 (**Test Date**), plus any dividends paid to Shareholders during this period. For the Testing Period, the Board has calibrated the vesting of the PC2 Performance Rights to the growth in ATSR as follows:

- zero vesting will occur if the CAGR of ATSR is below a minimum threshold vesting level of 15% over the Testing Period;
- 100% vesting will occur if the CAGR of ATSR reaches or exceeds 25% over the Testing Period; and
- vesting between 15% and 25% of CAGR of ATSR over the Testing Period will be on a straight-line basis between these two levels.

By way of example, if a CAGR of ATSR of 20% is achieved over the Testing Period, then 50% vesting of PC2 Performance Rights will occur.

The 20-trading day VWAP for Shares up to 1 July 2021 was \$1.03. Therefore (in the absence of any dividends) the 15% threshold (being the minimum threshold vesting level) equates to a share price of \$1.57, and the 25% threshold equates to a share price of \$2.01 when tested over the Testing Period.

The Board, in its sole and absolute discretion, may determine that an '**Abnormal Event**' has occurred in circumstances where, in the final year of the Testing Period only, there is:

- a general ASX share market correction of at least 10%; or
- an unusual or abnormal event outside of management's control,

which results in a temporary reduction in the Company's Share price but which does not reflect the actual performance of the Company or its underlying value.

Following an Abnormal Event, the Board may determine that the PC2 hurdle will be retested and measured over a four-year period ending 30 June 2025 (**Last Test Date**), with correspondingly higher CAGR-ATSR hurdles over that four-year period (i.e. in order to satisfy PC2, the Share price must be in the range of \$1.80 to \$2.51, in the absence of any dividends).

Any PC2 Performance Rights that have not vested after the Test Date or the Last Test Date, as the case maybe, will lapse and be forfeited.

Mr. Carl Scarcella

All Performance Rights to be granted to Mr. Scarcella will be subject to PC2, as set out above.

Mr. Anthony McDonald

All Performance Rights to be granted to Mr. McDonald will be subject to PC2, as set out above.

Mr. Grahame Evans

Each Performance Right to be granted to Mr. Evans is a right for Mr. Evans to be issued one Share upon satisfaction of the below vesting conditions. PC1 and PC2 will be applied separately to the Performance Rights as follows:

- 40% of the Performance Rights will vest on a straight-line proportional basis, from 0 up to a maximum of 40,000 Performance Rights, in accordance with PC1; and
- 60% the Performance Rights will vest on a straight-line proportional basis, from 0 up to a maximum of 60,000 Performance Rights, in accordance with PC2.

Resolution 13 – Approval of potential termination benefits under the Plan

Board recommendation. The Board (excluding Mr. Nathan Jacobsen, Mr. Carl Scarcella, Mr. Anthony McDonald and Mr. Grahame Evans, who abstain from making a recommendation due to their personal interest in the Resolution) recommends that Shareholders vote in **FAVOUR** of Resolution 13.

Undirected proxies: The Chairman intends to vote all available undirected proxies in **FAVOUR** of Resolution 13.

Sections 200B and 200E of the Corporations Act prohibit the giving to a person who holds or has held in the previous three years a managerial or executive office in the Company or a Group Company, a benefit in connection with that person's retirement from office, or position of employment in excess of that person's annual base salary, unless approved by Shareholders or such benefit is exempt from the need for Shareholder approval.

Generally, this may prohibit the Company from converting any awards under the Plan held by a participant under the Plan (**Participant**) into Shares on an accelerated basis, where the acceleration is linked to termination of employment or engagement (in the case of a Non-executive Director) for any reason.

The value of the accelerated benefit, when combined with the Participant's existing termination benefits payable in cash (such as payment in lieu of notice or short-term incentive payments), may cause the combined termination benefit (including the accelerated benefit under the Plan) to exceed the limit, in which case, Shareholder approval will be required prior to or at the time of termination.

As summarised under the key terms of Performance Rights above, Performance Rights (or, in fact, any Plan Securities) may vest on an accelerated basis in certain limited circumstances.

The Board also has the sole and absolute discretion to determine that any benefit payable in the above termination circumstances in relation to the Performance Rights can be settled in cash based on the number of Shares into which the Performance Rights would vest multiplied by the 20 trading day closing market price of the Shares immediately prior to such payment. To the extent that an issue comprises any cash settlement, the issue must have been made pursuant to ASIC Class Order [CO14/1000]).

Shareholder approval is being sought for the above potential future 'termination payment' (whether through accelerated vesting or cash settlement) to a Participant under section 200E of the Corporations Act.

Section 200B of the Corporations Act requires a company to obtain Shareholder approval before giving a benefit to a Participant in connection with the Participant's retirement or removal from office unless the benefit falls within certain exceptions set out in the Corporations Act. A benefit will only fall within those exceptions if the amount is less than a prescribed multiple of the Participant's annual base salary and if the nature of the benefit falls within one of the categories set out in the Corporations Act (for example, an 'exempt benefit' or a payment in connection with a person's retirement from a Board or managerial office and the payment is for past services the person rendered to the Company).

In the event the Plan Securities vest on an accelerated basis (or a cash settlement in respect of such vested Plan Securities), the Board is of the view that that such a benefit would not technically fall within any of the categories of exception set out in the Corporations Act and therefore seeks Shareholder approval for the purposes of section 200E of the Corporations Act and for all other purposes.

The total value of the termination benefits to be approved by Shareholders depends on the market price of the Shares at the time the Participant's Plan Securities vest on an accelerated basis.

ANNEXURE B

SUMMARY OF THE PRINCIPAL TERMS OF THE PLAN

The Plan is governed by the Plan Rules, the material terms of which are set out below.

It is intended that the Plan will enable the Group to retain and attract skilled and experienced employees, contractors and directors and provide them with the motivation to make the Group more successful. The Plan is designed to support interdependence between the Group and Eligible Persons for their long-term mutual benefit.

Awards under the Plan

Under the Plan, an Eligible Person may be awarded any of the following Plan Securities:

- (a) an Option, being an option to acquire one Share (or to be paid a cash payment in lieu of one Share);
- (b) a Performance Right, being a right to acquire one Share (or to be paid a cash payment in lieu of one Share);
- (c) a 'Restricted Share', being a Share allocated under the Plan and subject to certain trading restrictions; or
- (d) an 'Incentive Right', being a right to be paid a cash amount that is ultimately determined by reference to (wholly or in part):
 - (i) the price or value of Shares at a specified point in time or period of time; or
 - (ii) a change in the price or value of Shares over a specified period of time.

The Board in its sole and absolute discretion may invite any Eligible Person selected by it to complete an application relating to a specified number of Plan Securities allocated to that Eligible Person by the Board. The Board may offer Plan Securities to any Eligible Person it determines and determine the extent of that person's participation in the Plan (**Participant**). An offer by the Board shall specify:

- (a) the type or types of Plan Securities being offered;
- (b) the number of Plan Securities being offered or the method by which the number will be calculated;
- (c) the amount (if any) that will be payable for the grant of Plan Securities or the method by which that amount will be calculated; and
- (e) any vesting conditions or other conditions that apply to the Plan Securities, including any vesting period.

An offer for a grant of an Option or Performance Right must specify the following information:

- (a) if an Option, the requirements for exercising the Option, including any exercise price that will be payable and the period or periods in which the Option may be exercised;
- (a) whether the exercise of the Option or vesting of the Performance Right will only be satisfied by an allocation of Shares to the Participant; and
- (b) the dates or circumstances in which Option or Performance Right may lapse.

An offer for a grant of an Incentive Right shall specify:

- (a) how the amount of the Incentive Right will be calculated; and
- (b) when the amount of the Incentive Right will be paid.

Quotation of Plan Securities

The Company has no obligation to apply for quotation of the Plan Securities (aside from Restricted Shares) on the ASX.

In general terms:

- Performance Rights granted under the Plan will only entitle a Participant to Shares if the vesting conditions for the Performance Rights have been satisfied or waived by the Board. The Performance Rights otherwise lapse five year after they are granted;
- Options granted under the Plan may only be exercised if the exercise conditions have been met, either the exercise price has been paid to the Company (or cashless exercise applies and is elected by the Participant) and the Options are exercised within the exercise period relating to the Option. An Option may not be exercised once it has lapsed; and
- in respect of Restricted Shares granted under the Plan, the Board may in its sole and absolute discretion determine that a Participant may satisfy the payment of the amount (if any) payable for the allocation of Restricted Shares by means of the application of contributions by the Participant or through a loan made by the Group. The Group may financially assist a person to pay any acquisition price for a Restricted Share, subject to compliance with the provisions of the Corporations Act and the ASX Listing Rules relating to financial assistance.

The Company will apply to ASX for official quotation of Shares issued upon the vesting on Performance Rights or the exercise of Options so long as the Shares are quoted on the official list of ASX at that time.

Treatment of Plan Securities on leaver scenarios

The Plan Rules differentiate between 'Good Leavers' and 'Bad Leavers' to determine how Plan Securities will be treated after a Participant is no longer employed or engaged by the Company or a Group Company.

A **Good Leaver** is a Participant who is no longer engaged by the Company or a Group Company due to death, illness permanent incapacity, redundancy or some other event that results in the termination of engagement of the Participant and the Company or Group Company by a Group Company, provided that such termination is not due to a For Cause Circumstance.

A **Bad Leaver** is a Participant who is no longer engaged by the Company or a Group Company but does not fall within the definition of a Good Leaver.

The Board has a sole and absolute discretion to determine that a Participant who falls within the meaning of Bad Leaver may be treated as a Good Leaver.

In the instance of a Good Leaver but subject to any terms of a Participant's invitation to participate in the Plan, the Board may determine in its sole and absolute discretion that the Good Leaver's Plan Securities:

- (a) vest on an accelerated basis on specified dates;
- (b) in the case of an Option, is only exercisable within a specified period or on the satisfaction of a specified condition;
- (c) lapse or are forfeited; or
- (d) are not subject to a term of the grant (such as vesting condition or disposal restriction) which was set out in the Good Leaver's invitation to participate in the Plan.

In the instance of a Bad Leaver and where the Board does not exercise its discretion to treat a Bad Leaver as a Good Leaver, the vested and unvested Plan Securities held by the Bad Leaver will lapse or be forfeited. Where the Board exercises its discretion, it may (amongst other things):

- (a) determine that the Bad Leaver may retain some or all of their Plan Securities (subject to the terms and conditions that the Participant held those Plan Securities prior to becoming a Bad Leaver or such other terms and conditions as the Board determines in its sole and absolute discretion); or
- (b) determine that all or some of the Plan Securities vest on an accelerated basis on specified dates.

Restrictions on transfer and trading, Clawback and CIC

The provisions relating to restrictions on transfer, restrictions on trading, Clawback and CIC (as set out above in the 'Key terms of the grant of Performance Rights') apply to all Plan Securities.

Compliance with law and Listing Rules

The Plan has been prepared to comply with ASIC Class Order [CO14/1000]. As such, offers under the Plan that are made in reliance on the Class Order are limited to the 5% capital limit set out in the Class Order. However, offers may also be made under the Plan to persons who

are 'senior managers' of the Group for the purposes of section 708(12) of the Corporations Act. Such 'senior manager' offers are not made in reliance upon the Class Order.

If and to the extent any rule of the Plan is inconsistent with the Corporations Act or any other applicable law or regulation, then the Corporations Act or other applicable law or regulation will prevail in all respects to the extent of the inconsistency.

If and to the extent any rule of the Plan is inconsistent with the ASX Listing Rules, if the ASX Listing Rules apply to the Company at the relevant time, the ASX Listing Rules will prevail in all respects to the extent of the inconsistency.

Termination of the Plan

The Board may terminate or suspend the operation of the Plan at any time. In passing a resolution to terminate or suspend the operation of the Plan or to supplement or amend these rules, the Board must consider and endeavour to ensure that there is fair and equitable treatment of all Participants.

On termination of the Plan, no compensation under any contract of employment, consultancy or directorship between an eligible person and a Shareholder of the Group will arise as a result.

Administration of the Plan

The Plan Rules also contain customary terms having regard to Australian law for dealing with administration and costs of the Plan.
