Tara Ross appointed Head of GPS Wealth

Easton Investment Limited (Easton) has appointed former Wilsons Advisory General Manager for Private Wealth, Tara Ross as the Head of GPS Wealth.

GPS Wealth, 2020 CoreData Licensee of the Year, is the largest of Easton's four AFS licences supporting a group of quality, high growth practices.

This appointment is the next placement in a strengthened Easton leadership team that will take the Wealth Solutions division into its next and exciting period of growth.

Nathan Jacobsen, Managing Director of Easton Investment Limited said, "At Easton, we share an ambition with financial advisers and accountants to create positive industry change. Our shared goal is to solidify the position of financial advice as a recognised and respected profession that delivers tangible results for its clients. As Head of GPS, Tara will play a key role in partnering with GPS advisers to deliver on this ambition."

Ms Ross takes up the role from 13 September 2021. Ms Ross is recognised for her capacity to build strong relationships with advisers, her mentoring and leadership skills.

"Culturally, we are deeply aligned in our beliefs on governance, the future of financial advice and the momentum required to create the right environment for advice businesses to succeed as a profession. We're excited to have Tara join the team as Head of GPS Wealth and partner with us on this journey," Mr Jacobsen said.
